CONEMAUGH TOWNSHIP
HIGH SCHOOL

Alma Mater

Oh Conemaugh with spacious halls and campus bright
and green,
Our fondest memories will remain in each endearing
scene,
We'll ever pledge our loyalties, devoted hearts to you,
To Thee our Alma Mater, we'll ever more be true.
Hail, hail to the Red and Black,
Hail to our school with a cheer,
We give our best to Conemaugh,
Whose fellowship we hold so dear.

Administration and Faculty

Doctor Blough, Mr. Berkebile, and the faculty have played a very important role in our journey through the years. Their excellent supervision and guidance has given the Class of '57 a fine start on the road to success.

SUPERINTENDENT'S MESSAGE

According to the thinking of many seniors, Cone-maugh Township High School has always existed. It is difficult to believe that nineteen years ago less than half of our community young people entered high school, and only a small percentage graduated. We had no secondary school of our own. These teenagers were tuition pupils at one of nine area schools. They often felt that they didn't belong; they were outsiders.

You are fortunate. As you join our growing CTHS alumni group, numbering nearly 2,000, you are blessed with a tradition and a heritage. We challenge you, therefore, to make a genuine contribution to your own future well-being, and add to the luster of Conemaugh Township by walking upright and looking the world squarely in the face.

As you go your way, we pray that you will find yourself well equipped for the task you accept. We hope, too, that our community school has helped you find security of mind and peace of soul. Now, in turn, it is your responsibility to join us in building better schools for a better America. We will need your help.

Please remember: *Better to light one candle than to curse the darkness.*

God bless you every one.

Telford B. Blough

Dr. Telford B. Blough

PRINCIPAL'S MESSAGE

Innumerable things happen from the time one humbly enters public school life until the climax of school citizenship that is reached when caps and gowns are worn as symbols of a type of achievement.

Youngsters entering high school and adolescence may be regarded as uncut diamonds. Their beauty, brilliance, fire and potential usefulness exist but are more or less hidden. These greatly varying personalities are going through religious, social, physical and mental experiences which, collectively, are known as education. Diamonds in their rough natural form are valuable—but possess much greater potential worth. A finished product can be produced only by careful cleaving, tedious sawing, judicious cutting and monotonous polishing. Since diamonds are inanimate, a slip in cleaving or other damage is irreparable and reduces their value.

In "human gems" growth toward perfection comes not on the surface but from within. Teachers, parents, priests, ministers, and friends provide environmental factors that may be used in the fashioning process. Since only that which is studied, absorbed and practiced shapes adolescents, each individual determines his own pattern that finally crystallizes into some kind of a jewel. Mistakes do not bring ruin—they can be utilized, fortunately, for improvement. Heeding the admonitions and teachings of those who have preceded you, who have gone through the polishing process, should bring out in each "gem" its best qualities. How well the facets

of each personality flash and reveal beauty from within will indicate how each individual has reacted with the environment.

CLASSES

SENIORS

There have never been so many students at Cone-maugh Township in its entire history as there are this year. Approximately 130 students will graduate from the senior class. There are also approximately 840 underclassmen.

Walter G. Shank

Elizabeth J. Will

Congratulations and best wishes to you, Class of '57, as you stand at the threshold of a new phase of your life. Your past twelve years have been a priceless experience that you will look back upon with fond memories.

Apply with diligence your very best to the future as your life is what you yourself make of it.

Walter G. Shank

To the 1957 Graduates:

As you sign these yearbooks, your busy school-days at C.T.H.S. are just about ended. Now, new opportunities in many fields are opening before you. So many of you have been willing, cooperative members of your class that I feel sure you will continue to achieve success. With my sincere appreciation for all that you have done and in hope that the future will be bright for you, may I borrow the words of this poem:

"I wish for you —

Patience, good temper, fine ideals
and clean,

A faith to face the future all serene;
A broader view that sees beyond the
trivial to the whole,

A trust that knows heaven's good-
ness in control,

And God to guide you—body, mind
and soul!"

JUNIOR CLASS

This was the year of the Junior Class Play and the Prom. They represented, "blood, sweat and tears." Our officers Fred Blough, Anthony Mosco, Jane Punchak, and Mary Ann Danko were efficient and hard working. Mrs. Statler and Mr. Kososki were co-operative and true leaders. One more year to go — somehow has a nostalgic sound now. We are proud of our achievements, we are anxious to become seniors, but—are we really happy that our school careers are coming to a close?

SOPHOMORE CLASS

Deans Mr. O'Connor and Mrs. Lesneski working closely with our officers Bill Brougher, Richard Blough, Imogene Berkey, and Frances Younkin have helped us through what we feel was a highly successful year.

Our first big high school production was the Christmas Dance. It was hard work and we learned a valuable lesson. Worthwhile things are gained only by extra application, and a job well done creates a feeling of pride and satisfaction.

DEPARTMENTS

Some of the departments we are going to visit in the next few pages are the Mathematics, English, Commercial, Science, Vocational, Agriculture, and Social Studies. All of these important departments help to make up the curricula of our school.

COMMERCIAL

Are you interested in a business career? Typists, file clerks, clerical workers, bookkeepers, and private secretaries — all of these phases of business training are offered in the CTHS Business Department. Go into the leading stores, the banks, the down town insurance offices and you find your ex-classmates happily and profitably engaged in commercial activities. We have a number of people doing behind the scenes jobs in private industry; we have several air line hostesses and government workers. Yes, Conemaugh Township is making its mark in the world of business. Some of our classmates have already begun work, and more of us have interviews and will soon be a part of the business scene.

We will miss our school — our good times — but we are ready and well prepared for our entrance into the world of business.

Filing is one of the jobs of a future secretary.

Eleanor is demonstrating the use of a dictaphone.

These busy people are studying business law.

ELECTIVES

Retailing helps us to get a better insight on business.

Mr. Drenner keeps this physical science class busy.

Animal and plant structure is explained in detail in anatomy class.

MATHEMATICS

Sanford shows his trig. class what he knows about logarithms.

The days of animal and human muscle power are a thing of the past.

Machinery, more complex with each succeeding year, is the theme today. We are fast entering a period of automation. Come on — you would be engineers!

These young pupils have just begun their careers' in math.

They are studying the universal language — mathematics.

LANGUAGES

Spanish helps us learn the language and customs of the people "south of the border."

The highlight of Latin is the Roman Banquet.

How would you like to buy one of these slaves?

Traveling through our classes, we come in contact with foreign languages. Many of our students, preparing for a collegiate career have taken Spanish or Latin. These languages have helped us to broaden our interest and knowledge of the customs and languages of other countries.

Some of the many activities of the Latin Class are the Roman Banquet; prefects, sent to the Science Fair; and correspondence with pen pals. For many students, taking Spanish was an exploration into the unknown. The study of Spanish may be very helpful to some students, for many of them may be taking trips to our neighboring countries or other Spanish speaking countries. This class is a joyous one, even though there are troublesome verbs in the language.

SCIENCES

Molecules, atomic structure, scientific method, force, friction, phylum, anatomy. . . These terms ring a bell for the seniors as they recall the trying times in their study of the sciences.

Truly this is a scientific age, for today there are few phases in living that do not depend upon the scientist for aid or explanation.

Development of scientific curiosity, increased realization that science is all about us, and the application of science to our daily life, form the guiding principles in teaching the varied scientific subjects offered to our students in their educational trail at CTHS.

Sharing in the work, education, and fun with the senior students this year were Mr. Kaufman - chemistry, and Mr. Drenner - biology and anatomy.

Jerry and Judi are doing an experiment in chemistry class.

Snakes don't scare them !!

Physics looks mighty interesting.

SOCIAL STUDIES

We Americans have learned through wars, depressions and peace that we must understand and befriend, not only our neighbors, but the people and cultures of the total world. America has become a haven for every race, creed and political ideology.

Today it has reached the summit in strength and prosperity. Students in history are naturally interested in this development of America in strength, ideals and institutions.

Since our manner of life continues to change, due to scientific, economic, political, and social development, we must continue to readjust the content of social studies courses in our schools.

The future of our nation depends upon whether we are *receivers* or *givers* in our Democracy.

"What do you think of the foreign situation?"

These students learn about the operation of our government.

"Norma, explain the rise and fall of the Roman Empire."

Our future engineers and draftsmen.

VOCATIONAL AGRICULTURE AND WOOD SHOP

The agricultural wealth of the nation is in the hands of these boys who have chosen farming as their vocation. They receive their experience from classes of animal husbandry, crop production, poultry raising, and learning how to operate and repair farm machinery. They are responsible for the maintenance of the plants and shrubbery at the high school and the grade schools. They also have an active club called the Future Farmers of America.

This class gets the boys better acquainted with all the machines.

Scientific farming is taught to these students of agriculture.

Fashion, fads, foods, and fun are just a few of the wide variety of subjects offered to girls by the home economics course. Classes in this department emphasize personal grooming; planning, preparation and serving of food; clothing construction; child care; textiles; etiquette; and planning, managing and furnishing the home. The cooking classes obtain practical experience in helping with school affairs such as banquets, teas and bake sales. This year the activities of the home-making classes were many and varied, ranging from the County Apple Dessert Contest to the State Farm Show. Many of these girls are also active members of the local chapter of the Future Homemakers of America.

These little homemakers are preparing a delicious meal.

HOME ECONOMICS

Mrs. Lesneski is showing these girls how to follow a pattern.

These girls are enjoying their own cooking.

DRIVING

Students enrolled in driver education are taught how to drive safely and lawfully. No other subject taught in our schools provides the learner greater satisfaction than learning, as a member of the traffic pattern, to exercise the attitudes, habits and skills of a good citizen. It should be a required course in the senior high school.

Driver education is a practical and applicable subject. The knowledge and experience gained from a driver education course can be applied during the high school days as well as in the future. To realize this end each student spends approximately thirty-two hours in the classroom, eight hours behind-the-wheel and eight hours as an observer.

To prove the effectiveness of driver education, some of the nation's insurance companies are issuing policies at reduced rates to individuals who have taken a driver education course.

"Now this is how far you should be behind a school bus."

Mary Lee and Jackie are going over some of the driving questions with Mr. Kautz.

HEALTH

To stay physically fit these boys do exercises.

These students are going over some health problems with Mr. Shank.

One part of school responsibility for the health of children is the program of health instruction which is carried on by the teaching staff.

The emphasis at all times has been placed on functional health—establishing good health habits and proper attitudes and appreciations toward health.

To define Health we can say: Health is a state of complete physical, mental and social well being and not merely the absence of disease or infirmity. Good health results not from just reading about it in a textbook but from daily practice of good health habits.

Physical education class is a time for sports and games, for the dance, stunts and tumbling. But physical education is more than just fun. It is also a time for learning. You learn rules about games and to understand to co-operate with your fellow classmates.

Miss Lohr is helping these freshmen decide what career to choose.

GUIDANCE

When we consider guidance, we think of planning of the future. While a counsellor does not attempt to predict the future of a student, he does try to help him understand his capacities, his interests, his aptitudes, and the occupational opportunities in our rapidly changing world.

Our school has two guidance counsellors, Mr. Beckley and Miss Lohr. Through regularly scheduled guidance classes, group meetings, career conferences, meetings with college representatives, guidance films, and individual conferences, they endeavor to give the student the information which will enable him to plan his future education and career with a greater degree of confidence and understanding.

ART

The selective art classes of our school have attacked many different fields of art. Among these are water colors, oil paintings, designs using contrast, repetition, harmony, and poster projects. The students have also learned proportions of art along with color, form, design, and lines.

Look at these ambitious twips studying.

Our artists of tomorrow.

LIBRARY

Would you like to meet people from other worlds — times in History — sections of the country? Come to our seance: The place — our library; the medium — Mrs. Shirk. We do not call on the "spirits" by knocking on wood — we pick a book from the shelves.

Books will carry us from the dawn of history to the sunset of future planetary travel. Pick a time — Pick a place — then Pick a Book.

Activities

We at CTHS believe that we have a complete schedule of extra-curricular activities. We are fortunate in having a number of students with skills above the usual norm.

We have dances and parties commemorating the holiday seasons as well as the Valentine Dance and the always popular Prom.

Our community is in the heart of the Maple Sugar territory and we always have one of our seniors compete for the title of Maple Queen. Their talents as well as their poise and beauty are factors.

Our band and choral groups have won favorable comment after each of their public appearances.

The following pictures depict some of the members of the class who have made outstanding contributions to their class, their school and to our memories.

OCTET—Accompanist—Judy Irwin; Bill Blough, Walter Hutzell, Karen Speicher, Judy Liska, Shirley Kaufman, Roberta Helsel, Joe Stevens, David Smith

QUARTET — Tom Baroni, Warren Davidhizar, Jack Menhorn, Fred Blough.

Here are some of the musical organizations in our school. They help to relieve the monotony of our everyday routine. These extra-curricular activities require much of a student's time and hard work. The choir can be heard in our Christmas and Easter assemblies, and other festivities throughout the year. Besides being in many assemblies, the octet and quartet perform in the annual Spring Concert.

CHOIR — Row 1 — Jean Each, Sandy Wagner, Dorcas Spory, Judy Liska, Jim Jerkes, Gary Bentz, Mervin Snyder, Allen Mishler, Denise Thomas, Tom Baroni, Richard Horner, Shirley Kaufman, Bonnie Ober, Linda Kelly, Gertrude Hanson. SENIOR HIGH CHORUS—There are over two hundred voices in this musical organization representing our school. Under the direction of Miss Shaffer they rehearse twice a week for the concerts.

SPRING CONCERT—This is the Grand Finale of the 1956 Spring Concert.

JR. HIGH QUARTET—The experience that Janet, Marian, Charlotte, and Wilma receive by singing in the quartet will benefit them in the future.

TREBELETTES—Continual practicing was rewarded when the Trebelettes made their debut at the Spring Concert.

Junior High Chorus

JR. HIGH CHORUS—Under the direction of Miss Shaffer, the Junior High Chorus members may be heard singing in the halls of ivy. Seventh, eighth, and ninth grade students make up this group. In May the ninth grade members will be taking the place of the outgoing seniors.

9TH GRADE TRIO — These girls perform in many of our assemblies throughout the year.

JR. HIGH TRIO — With effort and hard work these young lasses will gain much success.

ENSEMBLE — As this group harmonizes together, the music department gets another feather in its cap.

JUNIOR TRUMPET TRIO — The Junior Trumpet Trio consists of Richard Garman, Robert Gable, Fred Anderson. They have made a fine start in their musical careers.

JUNIOR HIGH BRASS ENSEMBLE — In a few years these students of music will take the place of the Senior Brass Ensemble. C. Constantino, U. Mishler, J. Keim, H. Ott, M. Rose, R. Dirsch, A. Holsopple, C. Direnzo.

Junior Band

JUNIOR HIGH BAND — Some day soon these junior band members will be taking the chairs of the outgoing seniors.

Band

MARCHING BAND—The CTHS marching band is one of the largest and most efficient bands in the district. All of this came by practicing seventh period and having a capable and patient director, Mr. John Salay, Jr.

Marching Band Sax Trio And Assembly Band

SAX TRIO—Jack Kozielic, David Donges, and George Phillips performed in many of our school assemblies and other social occasions.

ASSEMBLY BAND—Assembly band provided lively marches to add to the enjoyment of the assemblies throughout the year.

TRUMPET QUARTETTE—Robert Phillips, Ed Hart, Fred Blough, and Anthony Mosca participated in many of the musical performances during this school year.

SR. BAND MEMBERS—Take a look at these smiling faces, Then at the cornets, trombones, and basses. Parades and concerts are all in the past, But for these seniors the memories will last.

MAJORETTES—the "stepping five" of CTHS.

TROMBONE TRIO—Fine musicians are these three. They play their horns with gusto and glee.

CONNUMACH

For the Editor, Marie Baroni, and for her able assistants Pearl Baker and Diane Scipione, this was really "THE BIG STORY".

Marie was chosen as the yearbook editor near the end of her junior year. Though actual work did not begin until school opened in September, many hours were spent in contemplation. One plan after another was discarded.

Once we started to go things went quite smoothly—color scheme, theme, cover design, photography, stories. It's all over now. We thank everyone who worked with us and helped us to bring this book to you. But, most important of all, we the CONNUMACH staff hope you like it.

Mr. Dyer gives Marie a few pointers about editing a yearbook.

These "old pros" will soon be stepping off the CONTOWNIAN staff.

CONTOWNIAN

CONTOWNIAN — Under the direction of their new advisor, Mr. Paxton, these eager newsmen scurried to get the CONTOWNIAN to press every week. The reporters gathered information and wrote stories. Typists put the stories on stencil and then the headcutters went to work.

By Friday, the "PO" was a beehive of activity, with everyone rushing to put the finishing touches on the CONTOWNIAN. The bywords of the "PO" were words like "dummy", "headcutters", "goop", "twenty-seven", and "fifty-six".

The new staff was announced at the annual press banquet in February. Here senior members of the Staff stepped down from their positions to make room for the underclassmen.

All the editors and assistant-editors, along with Mr. Paxton, helped to keep the paper staff rolling.

A typical Senior High Student Council meeting under the guidance of Mrs. Wonders and Ray Foreback.

Student Council

This year the Student Council was divided into two separate bodies—junior and senior high. They are democratic bodies consisting of representatives from every homeroom. The councils try to promote a better understanding and relationship among the students, faculty, and administration.

Senior High Student Council—As in the past, this group strove to promote goodwill throughout the school. The council sponsors dances and movies. It also publishes the "Scout", the annual handbook. Our Student Council is a member of the National, State, and West Central Pennsylvania Association of Student Councils.

Marie Baroni and Ray Foreback represented the Council at the State Convention held at Penn State.

Junior High Student Council—This year the junior high, a new division in the Student Council, set the pace for the future Junior High Student Councils. They succeeded in establishing their own Constitution and carrying out special projects throughout the year.

Senior Play

Cast

The senior class presented the hilarious comedy, "No More Homework," on November 30, 1956 in the CTHS auditorium.

The play concerned the students and teachers of Elmer B. Ames High School and how they went about running the school without the aid of the supervising staff. As principal of the high school, Sanford Yoder decided that there would be no more homework after the student council officers, Linda Harrison and Ray Foreback, took over the school for one day.

With the help of such characters as the napolionic janitor, "Tick" Tok, James Jerkes, and the sly cleaning lady, Mrs. Ratchet, Janet Speicher, the play took on extra "buckets" of lively humor.

Student Director - Sandra Amershek

The curtain call brings the play to a successful end.

Director—Mr. Paxton, Assistant Director—Mr. Vizzini.

STAGE CREW—Dave Spory, Roger Naugle, Robert Marcinko, Oliver Ewing, Dave Brink.

Junior Play

The Junior Class presented a three act comedy entitled, "Shy Guy." The story involves Fred Hastings, star football player who spends too much money, and Larry Madison, who helps him with his money matters.

The highlight of the story is when an eccentric little lady of 80 decides to play football.

Advisor, Mrs. Kogut, meets with the senior members of the Thespian Troupe No. 412, to make plans for a coming spectacular.

Thespian Troupe

The Thespian Troupe No. 412 is the dramatic organization which is made up of juniors and seniors who have earned sufficient credits in acting. Every year the troupe inducts new members in a formal ceremony in the library.

The Thespians also presented a children's play, one mystery, and two comedies. One of the three act plays was presented as an exchange assembly at Johnstown.

Each year the activities are brought to a close with a banquet at Green Gables. Mrs. Kogut is the new advisor for the C.T.H.S. Thespians.

Pat Miltenberger, Catherine Jarvis, Charles Stock, Shirley Holsopple, Linda Brougher, and Warren Davidhizar star in "Home To Mother."

Judy Liska, Janet Speicher, Mary Smith, Ida Keller, Paul Berkebile, Jr., Sanford Yoder, Carolyn Reese, and Lois Kelly perform in "Opening of a Door."

C.T.H.S. Maple Princess

Linda Brougher was selected to represent Conemaugh Township in the 10th annual Maple Queen Contest. She was chosen from a field of five other contestants. For her talent Linda presented a chalk talk depicting the Statue of Liberty. Linda modeled a stunning blue and silver ballerina length gown.

The following girls also competed in the contest: Doris Baker, who presented an acrobatic dance; Judy Irwin, who sang "Adeles Laughing Song"; Pauline Klesyk presented a tap dance; Josephine Ferre, accordion solo and Elaine Hart, a ballet dance.

In the District Maple Queen Contest, held at Cochran Jr. High School, Linda placed second; and will reign as Maid of Honor at the Maple Festival.

National Honor Society

OFFICERS OF THE NATIONAL HONOR SOCIETY—Diane Scipone, Jewell Naugle, Judy Liska, Loretta Magdelinic, Warren Davidhizar, Linda Brougher, and Sanford Yoder.

The National Honor Society is a school organization for exceptional students in 11th and 12th grade. Students outstanding in scholarship, service, leadership and character are given adequate consideration by the faculty and an advisory council, appointed by the principal.

The name of our chapter is the Connumach, whose object is to create an enthusiasm for scholarship, to stimulate a desire to render service, to promote worthy leadership and to develop the character of the pupils at Conemaugh Township.

There are generally two inductions a year. They are carried out by a ceremony, centered around the keystone and flaming torch, which is the emblem of this Society. No other honor in the school excels that of being a member of the National Honor Society.

Sports

Sports have been an important part of the program at C.T.H.S. since it opened in 1938. During the 1956-57 year, the athletes have added new lustre to the fine records compiled by preceding classes. Coaches placed great emphasis on sportsmanship and team spirit as well as on the desire to win. Co-operation and team unity, which characterized the football squad, spread to the wrestling, basketball, track, and baseball teams. It is our hope that the high ideals that have been instilled in our athletes will continue to guide them in the coming years.

Front row—Co-captain Ray Farris, Coach Terebus, Co-captain Dan Kaltenbaugh. Second row —Trainer James Spory, Assistant Coaches O'Connor and Majer.

Football

The past season has brought glory to the Terebusmen. Being small but fast, the Tribe started the season with a tie. After the tie the Redmen defeated four teams before losing a close-game with Windber. The Indians returned to defeat the remaining four. This 8-1-1 record brought the Mountain Conference Trophy to the Indian Reservation.

Senior Members

Highlights of the Season

The Indians opened the football season with the camp session and the usual hard work and training. In many respects camp is really the high spot of the school year—new friendships are begun—old ones are cemented, and for the first time we start looking forward to the opener.

This year we opened against a new opponent, and they proved to be a tough one—each of us felt, however, that we did well. Northern Cambria 7 — Conemaugh Twp. 7.

Boswell, a traditional rival was our second game opponent. We were able to run up a 36-0 score against our neighbors from over the hill.

Game number three was with Ferndale. Everything worked exactly right for us and we clobbered our opponents 41-0.

Central Cambria, a new name but to us the same old Ebensburg fighting ball club. A hard fought game—a well earned victory for us 20-13.

Remember last year? Westmont gave us a good game and beat us. This year we were up. We fought for every inch and for every point—and we won a big one to avenge that last year loss. C.T.H.S. 19 — W.U.Y. 0.

A rivalry, keen in every phase of our school activity, C.T.H.S. vs. Windber. The year's biggest crowd, plus the excitement that always exists with the big game of the year.

A real knock-down, drag-out affair — us at half time 7-6. Final score: Windber 12 — C.T.H.S. 7. Our first loss, but no disgrace to lose a battle like this one.

A new opponent, DuBois, appeared on Memorial Field. They were well-coached and rough. Bouncing back from our loss of the previous week, we added a new scalp to our trophy room a final 34-0 win.

Game number eight was with Adams. The story of the game was not as it used to be. Many, many rough, tough, thrill 'em, spill 'em ball games were played with this school in past campaigns. This year they were rebuilding and we gave them the worst shellacking in our long series in racking up a 65-6 win.

Shade Township in their own back-yard. According to past performances this would be a real donneybrook. The Indians more than rose to the occasion and we brought home a 27-0 win.

The last game of the season was also the last game for fourteen of our varsity squad. They went out in a blaze of glory by beating Somerset High School 27-0.

So — What kind of a year was it? A good one we would say — even an excellent one — an eight win, one loss and one tie season bringing home the Mountain Conference Championship.

What kind of a year would you say it was?

Junior High Football

Row 1—L. Metts, D. Thomas, S. Brenchak, F. Grandas, D. Cramer, D. Perry, M. Keith, R. Eash. Row 2—J. Price, W. Jarvis, W. Litzinger, J. Donges, J. Kogut, R. Andrews, J. Payne, W. Ostapiak, Coach E. O'Conner. Row 3—P. Boyer, G. Blough, R. Harmon, J. Kutchman, R. Flaim, J. Payne, R. Fuller. The Little Indians ended their unscored upon and undefeated season by whipping Windber 13-0. Only the help of 11 top men could have achieved this. This is the first time in the history of the school that a junior high team has compiled such a record.

Junior Varsity Basketball

Row 1—E. Flaim, H. Tomko, W. Brougher, R. Stuver, W. Hershberger. Row 2—Manager S. Thompson, R. Foreback, G. Kaltenbaugh, M. DeArmy, F. Young, J. Clement, Coach J. Majer. The J. V.'s have had a fairly successful season this year. Hard practice enabled them to win 14 out of 22 games.

Basketball

Coach Joseph Majer

The hoopsters of Coach Majer had a good year. Although we lacked height, and were in the process of rebuilding, we always put up a fight.

We had our usual thrillers — games won and lost in the last ten seconds. We scored an upset or two, and lost a game here and there that we thought we had won.

The squad competed every second of every quarter, win or lose. We think you did a good job fellows, and we point to you with pride.

Ray Foreback, Roman Ostapiak, Gary Payne, and Daryl Hershberger made their last appearance on the basketball floor when we played Johnstown. But, Jerry Petro, Joe Yunetz, Tom Page, Gary Kaltenbaugh, Walter Starvis, and Pat Shubic will be here to keep the ball bouncing.

Row 1—P. Shubic, R. Ostapiak, O. Ewing, R. Foreback, D. Hershberger. Row 2—W. Starvis, G. Petro, G. Payne, Coach Majer, J. Yunetz, T. Page, G. Kaltenbaugh.

Peggy,
To a girl with a very
nice personality. Keep
that smile & never
have to worry about making
friends. Luck always
